Chair Patrick Crowley called zoom meeting to order at 6:01 pm
Attendance was called by role call.

Minutes of February 10, 2020 meeting were reviewed and corrected. Upon motion of Christopher Rucho and second of Steven Blake were voted and accepted. Christopher Rucho having been absent from meeting abstained.

The Public Hearing to seek public commentary of the proposed Community Preservation Plan is tabled until we can meet in person and entertain questions from the public.

The application of the Affordable Housing Trust for a grant of \$25,000 to address the community housing needs of West Boylston was presented by the chair, Patricia Halpin. Discussion recognized the need for affordable housing for seniors but questioned as to the lack of progress in area and the fact that previous grants had not been spent. Issues raised included the lack of availability of buildable land and town owned land such as Tivnan Way, the interpretation by some members that the purpose of the request was too narrow, and concern that townspeople are not given priority. The fact that grants are approved only at Town Meeting hampers the ability of the Trust to act quickly if and when a viable project comes forth.
